Recruiting Manager

Siemens Energy, Inc.

Orlando, FL

Dear Recruiting Manager:

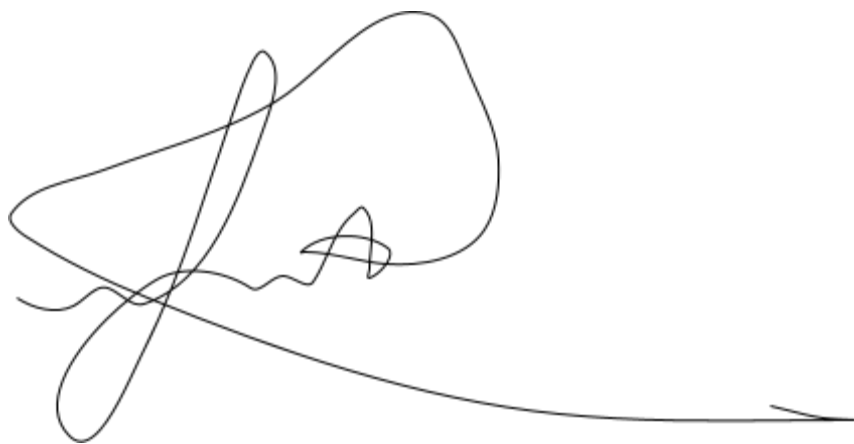

I am writing to apply for the IT Intern position with Siemens Energy, Inc. I am a sophomore at the University of Central Florida. I am pursuing a Bachelor of Science in Information Technology with a strong academic record and a growing interest in troubleshooting and cybersecurity. I am eager to contribute to an organization that is shaping the future of sustainable, affordable, and reliable energy. I am a strong fit for this role because it combines hands-on IT support with meaningful user interaction in a dynamic enterprise environment.

Through my coursework and projects, I have developed experience in Python, Java, C, HTML, and JavaScript, as well as regular hands-on work in Linux environments. I've partaken in programming projects, designed and debugged a multi-file application that implemented coding principles and data structures to solve real-world input validation and processing problems. This project strengthened my ability to troubleshoot errors systematically, analyze system behavior, and develop efficient solutions skills directly applicable to IT support.

In addition to programming, I have gained practical experience troubleshooting hardware and software issues, configuring operating systems, and assembling computer systems. Maintaining a high GPA of 3.6 has strengthened my time management, attention to detail, and ability to quickly master complex technical material. As a company operating in mission-critical environments, system uptime, cybersecurity, and infrastructure stability are crucial. I am particularly interested in Siemens Energy's commitment to innovation and operational reliability, and I am motivated to support internal users and systems that contribute to such large-scale, mission-critical operations.

I welcome the opportunity to further demonstrate how my technical skills, analytical mindset, and dedication to IT can support Siemens Energy's operations. Thank you for your time and consideration. I look forward to the opportunity to discuss further.

Sincerely,

A handwritten signature in black ink. The signature is highly stylized, featuring a large, sweeping loop on the left side that crosses over itself. A long, thin horizontal stroke extends from the middle of the signature towards the right. The overall impression is one of a quick, fluid, and somewhat abstract mark.
